New horizons for Goscor

The Goscor Group's Port Elizabeth operations – which include Goscor Lift Truck Company (GLTC) and Goscor Cleaning Company (GCC) – recently opened the doors to its new headquarters in Deal Party, Port Elizabeth, after outstanding growth in the business meant the company had grown too large for its old premises.

Branch manager for both companies Mike Burley said that new, larger premises had become essential. “Our growth has been phenomenal and the increased space will make it easier for us to give our clients the kind of personal, comprehensive service they have come to expect,” Burley said. The new premises are two-and-a-half times the size of the old premises in Neave Township. They include larger warehouse space, a much bigger and better structured workshop, more office space and a dedicated showroom area for displaying of Goscor's wide range of products – from vacuum cleaners to large lift trucks.
